Joint Base McGuire-Dix-Lakehurst, NJ 08641

Dear Community Member:

The Department of the Air Force and Joint Base McGuire-Dix-Lakehurst (JB MDL), in cooperation with the New Jersey Department of Environmental Protection (NJDEP), will host a public meeting to discuss the Proposed Plan for the Dix ANC-2 Disposal Area (Site SA018) and the Dix Range Landfill (Site LF016) on Thursday, May 12 2016 at 6:00p.m., at the Edward Holloway Senior Citizen and Community Center on Main Street in Cookstown, New Jersey. Parking is located across the street at the New Hanover Township Municipal Complex located at the intersection of Main Street and Hockamick Road. The Proposed Plan was prepared in accordance with the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) also known as Superfund, and it describes the remedial alternatives that were evaluated by the Air Force and NJDEP including a summary of the preferred remedial alternative.

Following the Public Meeting, the Joint Base McGuire-Dix-Lakehurst Restoration Advisory Board (RAB) will hold its meeting starting at 6:45 PM. Discussion topics include updates on the Community Involvement Plan (CIP) and RAB Website, Explosive Destruction System (EDS) for the Destruction of World War I-Era Munitions Discovered at Lakehurst, an Update of Perfluorinated Compounds Investigations, and an update on the basewide performance-based contract.

We look forward to your attendance and active participation at these important meetings. Any comments or suggestions that you may have on the RAB agenda or requests for additional agenda items are appreciated and can be voiced at the beginning of the RAB meeting or submitted in writing to the address above **prior** to the meeting. If you have any questions concerning this matter, please call Ms. Nicole Brestle at (609) 754-0068.

Sincerely,

A handwritten signature in black ink, appearing to read "Curtis A. Frye".
